Inspection Report

Location: Shastri Park near Yudhister Setu

Area (in ha.): 4.85 ha, 2.44 ha, 1.48 ha and 4.3 ha

Year of plantation : 2021-2022 for three sites and 2023-24 for 1.48 ha site

Scheme: CAMPA

It is to submit that an inspection of compensatory afforestation sites i.e 4.85 ha, 2.44 ha, 1.48 ha and 4.3 ha at Shastri Park near Yudhister Setu area have been carried by the undersigned on 21/03/2024 and it was found that the contractor has completed the work of casualty replacement of plants damaged in flood at 2.44 ha & 4.85 ha sites and is maintaining the site properly by taking up regular tending operations such as watering, cleaning, hoeing, removal of weeds including watch & ward of the plantation area.

Further, the work of casualty replacement is almost 80% completed at 1.48 ha and 4.3 ha sites and will be completed by next week.

During the inspections records were also checked and it was further directed to site incharge to update the entries in stock register including details of watering, replacement of plants (if any) works carried out by the labourer deployed at the site on regular basis for compilation of records.
